Project itinerary

The kindergartens have around 35 – 45 children from 3 – 6 years old. The kindergartens consist of teachers as well as supporting staff to assist the teachers. In the main, the children are taught basic English, alphabets, numbers, rhymes, and other basic concepts. Importantly, most of the children come from underprivileged families who live below the poverty line, so you will need to be flexible with your teaching techniques.

You will arrive on Sunday and have plenty of time to relax and be refreshed ahead of your exciting week as an Education Project in Kathmandu!

Shopping in Kathmandu is an experience in itself! Thamel is a tourist hotspot, where shoppers can find Nepalese, Tibetan and Indian artefacts, wood carvings, handicraft and unique clothing. In addition, there are also several malls where you can find all you need. Furthermore, if dining out is your thing, you can have a dish from a different country every night, with a plethora of restaurants serving local and international dishes!
