## Project itinerary

You will not be short of things to do on this Construction and Renovation Volunteer project, as you will be going wherever your handiwork is needed! Some of these tasks will include bricklaying, carpentry, tile laying, painting, landscaping and gardening, so it is important that volunteers are willing and able to participate in hard physical and manual labour.

This is a team activity, so being able to work and cooperate as a team player is incredibly important. Throughout the project you will be working and meeting other Bali volunteers, as well as coordinators and local Balinese people, being able to work efficiently and peacefully is a must!

### Monday

On Monday, after breakfast, you will start planning your Construction and Renovation Volunteer Bali project with your coordinator. After lunch, you will leave to visit your assigned community location. Finally, at the end of your day, you'll return to the centre for a meeting to give feedback on your day.

### Tuesday to Friday

You will have some free time after you have your breakfast. Thereafter, you'll head to your project where you will carry whatever construction and renovation activities have been agreed upon.

### Evenings and Weekends

Being abroad as a Construction and Renovation Volunteer, you will want to explore this amazing country! You can choose to explore Ubud or simply relax with new friends back at your accommodation. Many of our volunteers enjoy mixing with their new volunteer friends during the week and plan their weekend adventures together!

**Please note:** This schedule can be changed and/or amended depending on weather conditions, local conditions and unforeseen circumstances.

### Places to Visit

Since the weekends are free, you are able to go wherever you would like to go. Here are some of our top must-see destinations!

## The Gili Islands

Here, you'll find small resorts and huts for tourists looking to get away from the bustle of Ubud. In fact, the islands are a popular destination for snorkelling and diving due to their abundant marine life.

## Nusa Lembongan

This is an island paradise with the clearest waters that you will ever see! Surfing, diving and snorkelling and amongst the most popular activities that visitors can enjoy.

## Lovina

Lovina is located between the Bedugul mountains and the sea, and is popular for dolphin watching, trekking, hot springs and its gorgeous coral reefs.

## Sanur

This is a stunning stretch of beach in Southeast Bali that contains villa resorts and Zen Villas. Historically, it was used as the landing site for the Dutch invasion troops during the Dutch invasion in 1906 as well as being the entry point into Bali for the Japanese during WWII.

## Kuta

Kuta is a beach known for its surfing opportunities and party atmosphere, and is a popular destination for our volunteers over the course of their stay!

## Uluwatu

This extraordinary temple was built at the edge of a 70-metre high cliff at the edge of the sea and is inhabited by monkeys.
