Project itinerary

Monday to Friday

Although the renovation and construction elements of the project are dependent on the needs of the community at any specific time, the basic structure of each day will be the same. You will begin with a breakfast at the accommodation centre before setting off to the project site. Once at the site you will carry out the necessary tasks which could include painting, gardening, building, renovating or anything else which is required at local temples, hospitals, housing or other facilities. After a busy morning you will enjoy a lunch and some rest before continuing with your tasks in the afternoon. The day ends with dinner and time for you to relax in the evening.

Evenings: Volunteers are free to sightsee around the local area, do some shopping, and/or plan for the next day.

Weekends - Weekends are free. You are welcome to relax and hang out at the volunteer accommodation with other volunteers or you can use this time to travel and explore Laos with your new friends.

This schedule can be changed and/or amended depending on weather conditions, local conditions and unforeseen circumstances.
