Project itinerary

Volunteers will be able to work in one of the 4 classrooms available and assist the teaching staff. Most classes have between 10-15 children.

In the morning you will pick the children up, play games and sing some songs in the school yard. This activity is to engage the children and make them feel excited to learn in a playful way. Volunteers will then assist the children to their classroom. Once they are settled in, you can engage with the children with different learning activities that may include teaching English and helping them practice writing in their notebooks. You can even use other creative and fun ways to help them learn basics through songs, dance or games.

At lunchtime you will with bringing out some lunch for the children, assist some of the children with tidying up after they have finished eating. After lunch the younger children have a little nap, you will help settle the children down for their afternoon nap.

The afternoon activities of fun and learning will begin at 14:00 once the children have woken up, and will continue until the day is over at 17:00 when they are picked up by their parents. Weather permitting, some of these activities may take place outside, so children have space to run and play.

*****This schedule can be changed and/or amended depending on local conditions and unforeseen circumstances.*****
