## Project itinerary

Learn about fishing and agriculture by working alongside local villagers who have devoted their lives to these professions!

This program offers the unique opportunity to work alongside the local villagers of Palawan in their authentic professions: fishing and agriculture. You will assist the local villagers by joining them in their fishing practices and by working in the fields/plantations, giving you an extraordinary insight into the livelihood of the people of Palawan and their culture.

Each day during this project will run along the same sort of course. You will start with breakfast at 08:00 before heading to your project at 09:30 where you'll be joining local villagers in a cultural exchange experience.

At 12:00 you have lunch and some time to relax. You will begin your activities again at 13.30.

At 18:00 you will finish your day for dinner and then you will be free to spend the evening relaxing and exploring the local area.
