## Project itinerary

We hope you're ready for some fun! Primarily, the aim of Kindergarten Volunteering programme is to give the local children a basic foundation of the English language. This will give them the best start in life and can lead to real benefits for them in the future years, allowing them to engage in the global community as adults.

Prior knowledge or experience in the education sector is hugely advantageous for volunteers on this programme, although it is not compulsory. All course material is provided for you, although the local program supervisors are always open to new suggestions that could improve the curriculum in terms of engagement, fun and efficiency.

Typically, you will be teaching for around 10 hours per week, but you may also assist with nursing (small children) and you will be required to plan lessons for the following day. If you are teaching, you will be on a standard schedule that includes three 45 minute lessons a day, with time provided during the day where you can observe other lessons and plan your activities.

## Evenings and Weekends

Weekends are free. You are welcome to relax and hang out at the volunteer accommodation with other volunteers or you can use this time to travel and explore Guilin and Yangshuo with your new friends.

## Places to Visit

There are so many wonderful sights and places to visit in this area. A guide book can tell you everything you could want to know, but here are a few ideas we recommend:

### The Li River

This river spans 80km from Guilin to Yangshuo and is decorated with rolling hills, unique cliffs, caves and comfortable boats and should not be missed. Especially popular among Chinese tourists is a spot close to Yangshuo that is portrayed on the 20 Yuan bill.

### Yangshuo

A picturesque city, famous for its surrounding hills, rivers and bar streets. Lots of activities offered including rafting, biking, rock climbing, a stunning light show on Li River and much more. Make sure to spend at least one of your weekends here!

### Seven Star Park

Famed for its rock formations, the park includes many different attractions including the Flower Bridge, Seven-Star Cave, Camel Hill and even a zoo!
