Evenings and Weekends

After a day of volunteering, you can choose to explore the area or head further afield on the weekends. Many of our volunteers enjoy mixing with their new volunteer friends during the week and plan their weekend adventures as they go!

Please note: This schedule can be changed and/or amended depending on weather conditions, local conditions and unforeseen circumstances. Further, please note that the changes in the tide affect water levels and thus, your ability to complete certain tasks in the mangroves. In that event, you take on other activities during that time. Your coordinator will inform you if your schedule will be affected.

Transportation

From this location we provide free transport to your next program at the following location(s):
